A Short Tutorial with Examples cha:a<sub>s</sub>hort<sub>t</sub>atex<sub>t</sub>utorial<sub>w</sub>ith<sub>e</sub>xamples  
This Chapter aims at exemplifying how to do common stuff with . We also show some stuff which is not that common! ;)

Please, use these examples as a starting point, but you should always consider using the Big Oracle (aka, <http://www.google.com>Google, your best friend) to search for additional information or alternative ways for achieving similar results.

Document Structure sec:document<sub>s</sub>tructure  
Dealing with Bibliography sec:dealing<sub>w</sub>ith<sub>b</sub>ibliography  
Citing something online wiki:shuntingyard,flex,bison.  
Inserting Tables sec:inserting<sub>t</sub>ables  
Importing Images sec:importing<sub>i</sub>images
